Experience

Isla is a Director of FSquared - a company that helps organisations create and deliver the maximum social value from all their activities. She had managed the delivery of projects that have added value to a range of large scale PFI and PPP programmes across the UK. Isla is skilled in quickly identifying core components of a project and translating these into deliverables, whilst forging relationships which strengthen the team, achieve long term aims and form the foundation of future success. A creative problem solver, committed to considering new ideas and forming partnerships in order to develop new approaches and achieve team objectives.

She is a senior professional with over 10 years experience in project management and a securing community benefits from investment. Isla has a background in organisational change and development and this, combined with her experience of working with the public and private sector organisations to deliver social value, enables her to find and develop innovative solutions to deliver social, economic and environmental outcomes.
